U.S. VETS is on a mission to end veteran homelessness in the United States.

How We Serve

Serving those who served
**U.S.VETS** is the largest nonprofit organization with boots on the ground to combat America’s homeless veteran crisis head-on. Our comprehensive approach provides **housing, counseling, career, and supportive services** to help our veterans rebuild and thrive.

Today, in the United States, nearly 38,000 veterans experience homelessness, accounting for approximately 9% of all homeless adults. They deserve our support.

With 32 sites across 11 regional locations in California, Nevada, Arizona, Hawaii, Texas, and Washington D.C. we are uniquely positioned to offer temporary and permanent housing and vital wraparound services to veterans and their families nationwide.

“
I went from living in a car to being a homeowner. I went from crawling to walking to finally running. I needed U.S.VETS and I was in the right place and on the right path. My future is very bright: I was given me back!”
