

# A NEW PLACE TO CALL HOME

## THE NEED

Maricopa County is home to men and women who bravely served our country and deserve our help. In 2019 the number of veterans experiencing homelessness increased by 15%. Affordable housing is one of the largest barriers facing our county's veterans and U.S.VETS helps navigate around that barrier.

**U.S.VETS — Phoenix is creating a state of the art facility that will provide housing and critical services to veterans in need.**

U.S.VETS — Phoenix has proudly served homeless, at-risk, and underserved veterans for nearly 20 years. As the largest nonprofit exclusively dedicated to veterans in Maricopa County and the United States, we provide case management, mental health counseling, career development, meals, and housing. Today, our programs serve more than 180 veterans daily.

With the help of the City of Phoenix, U.S.VETS will relocate to and renovate our new permanent home where we will have the ability to expand and enhance the critical services and housing our veterans deserve. With your support, U.S.VETS — Phoenix's new home will serve as a therapeutic, residential community that provides veterans the tools they need to regain their dignity and build a stronger future.
